

Greetings,

The Poulsbo Farmers Market would love for you to consider becoming a financial sponsor of the market! We are looking for local partners who are committed to promoting local farming, small businesses, and healthy eating.

The generosity of our sponsors enables the market to provide our community with the freshest of locally-grown produce, flowers, cottage foods, eggs, meat and cheese, artisan baked goods and home-made crafts. Since 2004, the Market has become a gathering place for the community to learn about food and farming, enjoy family time, listen to live music, get to know our local growers, and participate in special events. The Poulsbo Farmers Market had over 24,000 shopper visits in 2015 and averaged 31 vendors each week.

Please review our 2016 Market Sponsorship Program and let us know how we can partner up this coming season.

Thank you for your help!

Rachael Cleveland, Manager
